THE #SOCIALCOUPLES #BLESSED

Well, we couldn't not talk about the seriously annoying posts on our social feeds throughout Valentine's. This year, let's all try to mark ourselves safe on Facebook from all the pictures of bouquets, flowers, candlelit extravagant dinners, expensive gifts and the hashtag brags

WISER CHOICES FOR THE WISER GIRLS ORGANIZATION

JACKSON IZSA FUNDRAISES FOR THE WOMEN'S INSTITUTE FOR SECONDARY EDUCATION AND RESEARCH

The WISER Girls organization aims to provide young Kenyan girls with the necessary technology and medical resources to improve their lives and to end the inequitable education opportunities for girls in Kenya.

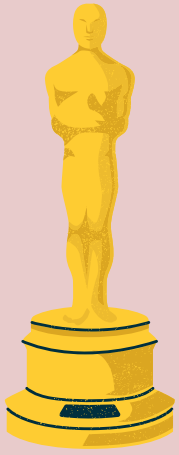

In early February, a variety of delicious snacks from candied fruits to chocolate brownies were sold in an effort to raise funds for this organization.

A total of **CHF130** was raised during this fundraiser

Thank you to Jackson and fellow contributors for their work towards making the world a better place.

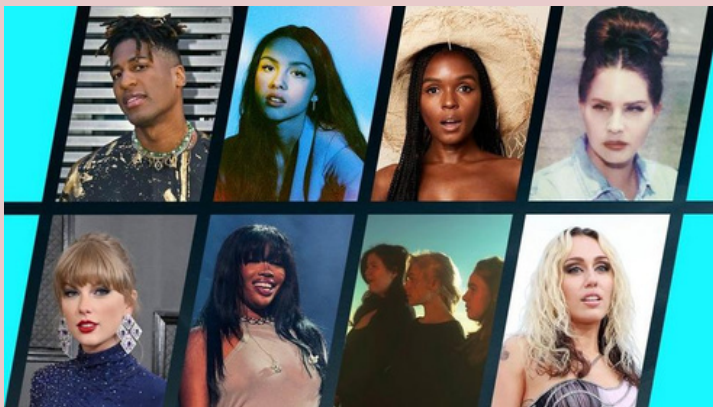

THE GRAMMY AWARDS

SING TO YOUR HEART'S CONTENT

The Grammy Awards are an annual event that honours great achievements in the music business. The Recording Academy hosts the awards event, which honours performers from diverse genres for their achievements to music. The Grammys feature live performances by well-known musicians and serve as an important venue for celebrating and highlighting the diversity and quality of the music industry. This year's Grammys were spectacular, as Miley Cyrus won her first award, mainly due to her record of the year - "Flowers" and she had the best pop solo performance. Other winners were Album of the year - "Midnights" by Taylor Swift, Song of the year - "What was I made for" by Billie Eilish.

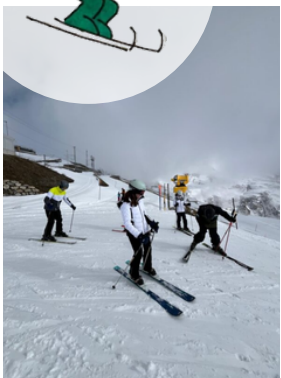

2024 SKI WEEK

EMBRACING WHAT MAKES SWITZERLAND SWISS

From February 19th to 23rd, we swapped our books for ski and snowboard gear, and hit the slopes for five unforgettable days.

During our time in the Swiss Alps, we practiced skiing or snowboarding, whether we were beginners or experienced. The beautiful scenery provided a stunning backdrop for thrilling runs down the slopes. One of the days had a rather unexpected turn. The wind that day was extremely strong, so that the only way to go down the mountain was either through the slope, or by the train, which did not happen very often. Fortunately, everyone that day was able to go down the mountain safely. As the ski week ended, we returned to school with lots of great memories and new skills. It was a week full of adventure and fun times that we'll always remember.
